

## Apprenticeship

**Degree**

Apprenticeship, Associate of Arts

**Certificate**

Apprenticeship, Certificate of Achievement

**Fields of Apprenticeship Available:**

Carpentry Apprenticeship  
Electrician Apprenticeship  
Operating Engineer Apprenticeship  
Plumbers & Steamfitters Apprenticeship  
Sheetmetal Apprenticeship

## Apprenticeship Associate of Arts

**A**pprenticeship courses are designed for indentured apprentices under the Shelley-Maloney California Apprenticeship Standards Act. The Apprentice Agreement states that the student will supplement on-the-job training with related classroom instruction during each year of apprenticeship.

Apprentice classes meet three to eight hours per week and yield two to six units of credit. Joint Apprenticeship Committees administering each program are composed of representation from labor, management, California State Division of Apprenticeship Standards, and Bakersfield College. These committees adopt state approved standards for operation and assure equal opportunity for applicants. Related training in apprenticeable occupations, in addition to those listed below, may be offered as the need arises.

Information for entry into apprenticeship programs may be obtained from the college coordinator of apprenticeship training. Interested persons are encouraged to apply for any of these programs and may contact the Bakersfield College Apprenticeship Department at 661/395-4408 for further information.

### Program Learning Outcomes

Upon successful completion, the student will:

- successfully transition to the Journeyman level designation and certification, upon successful completion of requirements by the California Division of Apprenticeship Standards.
- demonstrate measures used by trades in use of tools, techniques, hands-on skills, and competencies for practices in specific occupations.
- identify and use equipment of specific trade in meeting standards for measurement and calibration.
- read, and apply specific trade instructions and design for construction or production outcomes as required by the specific trade practices and standards.

### Required Courses

Course	Units
Apprenticeship classes for duration of apprentice period (45 units maximum)	12-45

Work Experience (4 Semesters, 16 units max)	4-16
--	------

Related technical subjects as recommended by JAC	0-6
--	-----

*In addition, students must comply with the requirements as shown in the catalog under Graduation Requirement. The department can assist the student in planning for the AA degree.*
