12 Month Work Plan - July 2015 to June 2016
Prepared by Christopher Counts
Department of Public Safety

Student Success

Rape Aggression Defense Training (RAD)
- Officers to conduct RAD Training for female students enrolled at Bakersfield College.

Campus Security Authority Training for Staff (CSA)
- Officers to conduct CSA training for staff in how to assist students who approach them advising they have been a victim of a crime.

Develop a District wide Campus Safety brochure

Continue to have Officers conduct multiple walk through of high student traffic areas on campus each shift.

Continue to have Officers using T3 patrol units that are an electric stand up unit that allows them to provide unobtrusive high visibility patrols within the interior of campus.

Facilities and Infrastructure

Prepared and submitted a plan to upgrade and add to the existing camera surveillance system.

Continue to serve on the Facilities Committee and provide security suggestions to new construction.

Provide Security Services to the Bakersfield College community.
- Patrol operations and emergency response 24/7, 365 days a year.
**Integration**

Continue to serve on Administrative Council, Emergency Command Center Staff, facilities Committee, Event Scheduling, FAS Leadership and Co-Chair the Safety Advisory Committee.

Continue to provide Security Service to the community
- Patrol operations and emergency response 24/7, 365 days a year.
- Provide training to students and staff at the Bakersfield College main campus, District Office and Delano Campus covering Active Shooter and Emergency Response.

Provide Rape Aggression Defense training to the Bakersfield College main campus, District Office and Delano Campus.

Continue to maintain and order all staff medical first aid supplies.

Continue to liaison with outside agencies such as law enforcement, fire and medical for the campus.

**Communication**

Continue to maintain the Safety Advisory Committee website
- Maintain updated information regarding ongoing construction projects and or safety concerns.
- Engage the campus community to communicate and safety concerns by emailing Safety Advisory Committee members. Once the information has been addressed the reporting person will be contacted and advised of the outcome.
- Work closely with the college Public Information Officer to relay and critical information to the campus community such as Clery Act advisories and Timely Warnings.
