Habits of Mind: Plan of Action for Implementation Strategies

What is your goal for Habits of Mind—to introduce it to students, to remind them of the tools throughout the semester, to enable them to use the tools throughout the semester, etc.?

What do you plan to do to achieve your goal? Write down at least three tasks, activities, etc.

What do you plan to avoid, so you can focus on the selected tasks and activities you plan to do to achieve your goal? For example, how will you balance covering curriculum with modeling HoM?

How will you share ideas about improving the impact of Habits of Mind on our students?

Schedule days, times, and minutes to achieve each step in your plan.

Adopting Habits of Mind tools & language enables us to emphasize & strengthen existing approaches.

While we cannot make our students successful, we can help them use tools that will develop the habits they need to overcome the challenges they face.
