Spring 2015 Enrollment Update – Ninth Week

Attached and below is a quick look at Spring 2015 enrollment activity. When considering headcount vs. enrollments, note that as time goes along these numbers will have less correlation. The headcount includes those enrolled right now, while census enrollment includes those who may have dropped since census day.

2014-15 FTES and FTES Targets – A Snapshot as of 3-18-15

It appears that FTES will fall short of the annual districtwide comprehensive target (~300 FTES). This projection assumes that the spring growth rate between now and term-end will be similar to the last two previous spring terms. See the table below for more information.

1 Summer and Fall 2014 FTES are based on results from the 320 Apportionment Period 1 reporting.
2 The Bakersfield College Annual FTES Target includes FTES for Shafter-Westec.
3 The Spring 2015 FTES Target is calculated by subtracting the projected Summer and Fall 2014 FTES from the Annual Target.
